NO CHANCES FOR CANNON

UNCLE JOE RISKS NO DEFEAT AT HANDS OF INSURGENTS AND DEMOCRATS.

TAKES RAP AT NEWSPAPERS

His Opinion Is Papers and Magazines are Fomenting Dissatisfaction. McLachlin Offers a Bill.

Washington, Feb. 8.—Speaker Cannon is not taking chances of going down in defeat before a combination of Democratic and insurgent republican votes on the rules. The speaker had a fine opportunity Monday to again try confusions with this antagonistic coalition, but cleverly sidestepped. The question was one of interpreting the rule affecting the unanimous consent calendar. He determined to risk an appeal from his decision so he volunteered to let

the house by a vote interpret the rule itself.

Under the rule a bill on the unanimous consent calendar, to which objection is made, loses its position on the calendar. Such a bill was offered today by McLachlin of California, and was discussed when it became apparent that it would be objected to. McLachlin then wanted to withdraw his request for consideration of the bill, and asked that it remain on the calendar. It was a simple question for the Speaker to decide, but it happened that nearly every Democrat an Insurgent was in his seat and Mr. Cannon decided not to risk a possible appeal from his ruling with possible defeat.

In submitting the bill Speaker Cannon took a rap at the agitation to reform the rules, which he said was being fomented by the newspapers and the magazines. He said derisively that in obedience to this agitation the House created the unanimous consent calendar so that the members would not have to sacrifice their dignity in order to have their bills considered, and so he decided to let the House construct its own rule. He also disavowed the intention of bringing about a state of affairs in the House by which he Speaker, with a few members, could do all of the legislating in disregard to the wishes of the House, an observation which created a ripple of merriment on both sides of the chamber.

SENATOR GORE LOST MONEY

Leaves Pocket Book on Train and Reach's St. Louis Penniless. Gets Help.

St. Louis, Mo., Feb. 7.—Senator Gore of Oklahoma arrived here from Washington this morning penniless. He had forgotten his pocketbook on leaving the sleeper, and his trousers contained nothing but creases. He went at once in search of a free telephone for the purpose of talking to David Francis and others. It was only a short time until an automobile arrived and, after exchanging a check for a handful of the coin of the realm, he proceeded Oklahoma-ward.

BOY FATALLY SCALDED.

Earl King, Aged 5, Falls into Tub of Boiling Water at Sterrett.

Sterrett, Okla., Feb. 7.—Earl King, five-year-old son of Mr. and Mrs. J. L. King of Chickasha, Okla., who are visiting Mr. Z. J. Morehead and family of this place, fell into a tub of boiling water yesterday and was badly scalded. He is not expected to live.

Alarmed Over Situation.

The Ohio political situation has been giving the president much concern and has been the subject of a number of conferences at the White House. With the expected nomination of Gov. Harmon, the Republican party is facing a hard fight this fall, and the president has been anxious that factional troubles should be eliminated as much as possible. He believes Mr. Ellis will be able to do more along that line than any one else who could have been designated to take charge of the coming campaign.

Is Taft Trust Buster.

Mr. Ellis has been known as one of the famous "trust busters" of the administration, and at present was engaged in much important work. Mr. Williams, whom he succeeds as chairman of the Republican State Executive Committee, recently was appointed a national bank examiner of the Pittsburgh-Cleveland district and is compelled to give up his political activities.

Senators Burton and Dick of Ohio had a long conference with the President this morning. Later in the day Mr. Dick returned to the White House accompanied by Mr. Ellis and Walter Brown. It was following their visit that Mr. Ellis announced his resignation and the above statement given out.

None of the prisoners are charged with serious crime.

WADE ELLIS RESIGNS JOB

TAFT'S TRUST FIGHTER MADE CHAIRMAN OF OHIO COMMITTEE.

OHIO REPUBLICANS ALARMED

The Party Expects Nomination of Governor Harmon and Are Looking for Big Fight.

—Taft Interested.

Washington, Feb. 8.—After several conferences Monday Wade Ellis resigned his position as assistant to the Attorney General in the Department of Justice to accept the chairmanship of the Republican Executive Committee of Ohio and to assume charge of the Ohio campaign.

Regarding the resignation of Mr. Ellis, the following statement was given out at the White House late today:

Statement from White House.

Mr. Vorys, the member of the National Committee from Ohio, Walter Brown, chairman of the Republican State Central Committee, and Henry A. Williams, chairman of the Republican State Executive Committee, have been canvassing among the Republicans of Ohio to determine who shall succeed Mr. Ellis upon the resignation he is obliged to tender.

"After a visit to Washington and full conferences with the Senators, the conclusion was reached that the man best qualified to assume the care of the office as chairman of the executive committee at this time was Mr. Ellis, and therefore the President was asked to assent to Mr. Ellis resigning as assistant to the Attorney General to take the duties of the chairmanship of the committee.

"The president was very loath to lose the services of Mr. Ellis from the Department of Justice, where he is engaged in important work, but as Mr. Ellis was willing to make the sacrifice, the president did not feel that he could insist on retaining him."

JUDGE HOOK TO GRANT NEW HEARING

OKLAHOMA RATE CASE TO COME UP AGAIN

Attorney General West Has New Data Which He Is Going to Spring at St. Louis.

Guthrie, Okla., Feb. 8.—Oklahoma's two-cent fare and reduced freight rates have been temporarily saved, Attorney General West wiring from St. Louis Monday afternoon that a rehearing on the application for a temporary injunction will be granted.

The attorney general telegraphed that he laid before Judge Hook the proposition to reopen the case for the purpose of submitting as new evidence the earnings of the railroads involved for the last quarter, which the attorney general claims show a big increase in the operating expense, which of course, makes the evidence more favorable to the state than that previously considered by Judge Hook. He wired also that Judge Hook would grant the request.

Some of the data which the attorney general will present and for which he has great hope in changing the entire course of the case is as follows:

Sworn figures presented recently before the corporation commission show that the commissioner's rate on brick, sand, gravel, lime, cement, lumber, grain, coal, fence posts, oil, etc., and all other products moving between all Oklahoma points during the fiscal year 1909 produced a revenue of twelve mills per ton per mile on the Kay. The cost, including taxes and every known expense, for traffic in and through Oklahoma was an average of seven mills per ton per mile.

DISCUSS HALLEY'S COMET

Earth's Gravity May Affect Wanderer, but Will Not Be Disturbed Itself.

Chicago, Ill., Feb. 8.—"Halley's comet, on which all eyes in the astronomical world are now centered, is about 1,000,000 times larger than the earth. Yet, although the earth's path through the sky will be unaffected by the approaching proximity of the two bodies."

This statement was made today by Prof. Edwin B. Frost, director of the Yerkes Observatory at Williams Bay, Wis.

"In view of possible large perturbations arising from the close approach of the comet to Venus on May 1, to the earth on May 18," he added, "meridian observations are especially desired during the period in which the comet is sufficiently bright for that purpose."

"What are these possible large perturbations?" Prof. Frost was asked.

"That on these dates," was the reply, "the comet will be near enough the planets mentioned to be affected by their attraction."

"Will that affect the orbit of the comet?"

"It will not affect the orbit of Venus or of the earth, but it is likely to affect the comet's orbit. That is one reason why we want to get meridian observations, which will show almost exactly these orbital changes."

"There will be an interesting spectacle, by the way, on May 1, when the comet is near to Venus. The planet and the comet will be practically the same distance from the earth, and every one will be able to see their relative size."

OKLAHOMA DEATHS.

Tulsa, Okla., Feb. 8.—Heartbroken over the recent death of his wife, Dr. J. W. Sanders, aged thirty, who came here from Fitzgerald, Ga., a month ago, ended his life today by shooting himself. The family is prominent in Georgia.

Muskogee, Okla., Feb. 8.—W. H. Baker, a well known chef here, shot and killed himself in his room above a restaurant late last night. Despondency was the cause.

GOVERNMENT BACKS DOWN.

Accedes to All Demands of Engineers and Conductors.

Laredo, Tex., Feb. 8.—An authentic report from Mexico City today says the railroad and government officials have acceded to all demands of the conductors and engineers on the merged Mexico lines.

It is said the Mexican merchants brought strong pressure to bear and forced the decision, which precludes a strike.

According to the demands, firemen must be employed three years before being eligible to promotion to engineers and brakemen must be employed two years in that capacity before being eligible to promotion as conductors.

They must then pass a rigid examination.

ST. LOUIS-OKLAHOMA ROAD.
Durant, Ok., Feb. 8.—Some time ago a charter for a railroad known as the St. Louis and Oklahoma was obtained, and a number of surveys have been made. The road will first be constructed from Lawton, Ok., to Paris, Tex., coming south on a divide between the Clear Boggy and the Muddy Rivers and crossing Red River a few miles west of Paris. The St. Louis and Oklahoma will traverse a fine timber belt, and also the coal belt of Pittsburg county.

ONE KILLED; FIFTEEN HURT

Rock Island Crew Is Blamed for Head-on Collision at Fourche, Arkansas.

Little Rock, Ark., Feb. 8.—Dashing head-on into east-bound extra freight No. 187, Rock Island passenger train No. 43 was wrecked at Fourche, thirty-eight miles west of Little Rock, at 5:50 o'clock this morning, killing Edward Rawls of Beard, Ark., who was riding on the "blind" and injuring fifteen passengers and members of the crew.

The dead:

EDWARD RAWLS, Beard, Ark., body found crushed between the track and mail car, which was tele-scoped.

The injured: O. T. Fowler, Guerneville, Ok.; side bruised.

WIFE PICKED HIS POCKETS.

Explains to Immigrant Husband It's the American Way.

New York, N. Y., Feb. 8.—George Brutker, a German, who got here with his wife and a small child on the Hamburg-American Linen America, was rather disconcerted when he found out how rapidly his wife was becoming Americanized. When Mr. Brutker would not have it that way.

While at Ellis Island to buy tickets, he found that 700 marks he had were gone. The money, he thought, had been either lost or stolen on shipboard. Mrs. Brutker came to his help at this embarrassing moment.

She produced 300 marks which she had hidden in her clothes and paid for the tickets.

The husband expected the ticket seller to give him the change. Mrs. Brutker would not have it that way. She took the money and carefully put it away again.

"We are in America now," she told her husband. "Here the women hold the purse strings. The men bring their pay home to their wives every pay day, and that is the way we will do."

Then she led her husband away.

NEW YORK'S COLDEST DAY.

New York, Feb. 8.—The coldest day of the year in New York came and went between sunrise and sunset. At daybreak the thermometer registered 2 above zero, with a searching wind from the northwest; but at 1 o'clock in the afternoon the mercury began to mount and the wind to moderate, at 10 o'clock Monday night the temperature was 20 above and still rising. There was great suffering among the poor during the day.

LET PRETTY ELBOWS PEEK.

Short Sleeves Are Back in the Mode for Smart Spring Tops.

New York, Feb. 8.—Of the early spring showing here the return of the short sleeve is one of the surprises, but that it is well established is guaranteed by its prevalence in everything of any pretension of gentility that drifts into the shops from the other side or is sent out by our own makers here. As to the sleeve, it is pretty sure to remain of scanty fullness of various degrees between the tight fitting model and the ample one. All lengths are used for afternoon and evening, seven-eighths, which comes near the lower wrist; three-quarters, half, between wrist and elbow, half length, at the elbow and even above that point.

BEAT A LAUNDRYMAN.

Sapulpa, Okla., Feb. 8.—Garfield Bryan, a negro, was arrested today on a charge of passing counterfeit money, and is locked up in the county jail. Bryan is accused of passing a counterfeit silver dollar on George Greiner, a driver for the Model Steam Laundry. The dollar is merely lead, and it is said Bryan accepted good money in change after paying his laundry bill. His case will probably be investigated by the grand jury now in session.

Then she led her husband away.

ST. VALENTINE AND LINCOLN.

Sunday, February 13, is a fortunate day. It is bounded on the west by Lincoln's birthday and on the East by St. Valentine's Day. Why did the early church call Valentine a saint? Because he had a great heart of love. An old Roman legend tells us that Valentine was arrested and thrown into prison because he became a Christian. Asterius, who was a very wise man, tried to win Valentine back to heathenism. This wise man had a beautiful daughter, who was blind. Valentine, in the name of Christ, opened her eyes. Her father, Asterius, then believed in Valentine's Christianity, and he and all his family were baptized. But loving all who were in sorrow did not save him from being murdered. The date of his death, February 14, is celebrated in memory of his love, and is known as St. Valentine's Day. If you watch your big brother and sister on February 14, you may see them sending valentines—love letters hid in pictures.—Rev. J. M. Farrar in Christian Herald.

SHE KNEW LINCOLN.

Goshen, N. Y., Feb. 8.—"She knew Lincoln," will be the epitaph of Mrs. Francis A. Scharff, one of the last of the circle of women who were leaders in Washington society during President Lincoln's term. She died yesterday at the home of her brother here. Mrs. Scharff was a favorite niece of Secretary of State William H. Seward. She was a great social favorite in Washington and gained wide fame as a hostess.

PITTSBURG INDICTED.

Pittsburg, Feb. 8.—The grand jury late today returned conspiracy indictments against the county delinquent tax collector, Max Leslie, E. H. Jennings, president of the Columbia National bank; Charles Stewart, former councilman, and F. F. Nicola, retired capitalist. The indictments grew out of the selection by councils of city depositories in 1908. It is alleged that in 1908 the indicted men bribed councilmen to vote for an ordinary designating city depositories.

YALE GETS \$250,000.

New Haven, Conn., Feb. 8.—A gift from George G. Mason of New York City, and William S. Mason of Evansville, Ill., both of the class of 1888 in the scientific school, of \$250,000 for a laboratory of mechanical engineering at Yale, was announced Monday.

Sprinkler Bids

There were three bids in for the water wagon. Will Moss bid \$125 for the wagon and \$5 a month for water. B. A. Gay's bid was \$156 for the wagon and \$5.50 a month for water. The bid which was accepted was that of Jas. Bullard who offered \$276 for the wagon. This amount includes the furnishing of water for six months.

CONVICT'S FREEDOM SHORT.

Leavenworth, Feb. 8.—Arthur S. Spencer, alias Harry S. Reardon, who completed a term in the federal prison on Monday, found Deputy United States Marshal Need waiting for him at the prison gate, and was arrested on a charge of impersonating an officer of the United States immigration service. This latter offense was not learned until after he had commenced serving sentence.

STRIKES BLOW AT TRUST.

Charlotte, Mich., Feb. 8.—That the International Harvester company has no standing in the courts of Michigan, unless it can prove that it is not a trust, was the decision of Judge Clement Smith of the Eaton county circuit court Monday. The harvester company had brought suit to collect a note and book account against two Grand Lodge implement dealers.

SZECHEINYI IN NEW YORK.

New York, Feb. 8.—The Count and Countess Szecsenyi, the Countess formerly Gladys Vanderbilt arrived in New York today from Europe. They brought with them their 15-months-old daughter, the tiny Countess Cornelia.

Count Szecsenyi will return to Europe in a week; the countess will visit relatives for six weeks.

DANCED AND FOUGHT.

A Saturday night dance about a mile from the city terminated in a free-for-all scrimmage in which the fiddler had his fiddle jerked from his hands and smashed in a thousand pieces. The same night seven young men of the city made bond of \$300 each on the charge of disturbing the peace.

SHIP'S COTTON CARGO AFIRE.

Norfolk, Va., Feb. 8.—With fire in her cargo of cotton the British steamship Virgin put into this port Monday. The blaze was extinguished when a tug went alongside and forced steam and water into the burning cargo. The vessel was only slightly damaged.

"DIAMOND" LEAVES BRISTOW OFFICER

NEGRO WANTED FOR EMBEZZLEMENT ESCAPES.

Deputy Sheriff Came After Him but Didn't Watch Him Close Enough.

A deputy sheriff of Bristow came to Ada Sunday with the intention of taking Frank Smith, the negro better known as "Diamond" back with him, but Diamond didn't go.

The deputy started to the train with the negro, but remembering some business he had to transact upstairs in the First National bank building, he and Diamond entered one of the offices. The officer soon became so wrapped up in his business that he favored it with more attention than he did Diamond. The result was that Diamond slipped out of the room and left the building by way of the rear stairway.

When the negro hit the ground he hit it running and galloped down the alley between Main and Twelfth streets at a rate of speed that would put Dan Patch to shame. In a twinkling of an eye he had reached the Harris hotel corner and seemed to increase his speed at every jump. From the corner he took a southwest course and hadn't yet found time enough to put his hat on. If he is still running like he left Ada he must be near the Gulf of Mexico by this time.

Chief of Police Culver arrested Smith last Thursday after receiving a notice from Bristow's marshal. He was wanted for embezzlement. When told where he was wanted Smith said he hadn't been to Bristow but his actions Sunday tend to disprove his story.

Smith, or Diamond, has been in Ada for several years and has appeared in police court several times for minor offenses. So far as is known the officers are not hunting him. The Bristow deputy returned home Sunday.

Osage County Posse Catches Outlaw at Pawhuska Without Trouble Monday.

Pawhuska, Okla., Feb. 8.—Clyde Mattox, the disreputable outlaw, was captured by the Osage county sheriff's posse in a house of ill fame in this city Monday forenoon.

He came here yesterday, thinking that his mother still lived here. When his presence in the town became known and efforts were being made to take him dead or alive, he sent word that he would do some killing before he could be taken.

Sheriff Bird, Deputy Ware and several other officers went with their Winchesters to the outlaw's roost, and took their game without firing a shot. As soon as captured he rolled lit and smoked a cigarette, looking very bold when taken to the sheriff's office. He lived here several months since his parole by the governor, plying the avocations of bootlegging and gambling.

PEONAGE CASES.

U. S. District Attorney Boynton Hears from Many Witnesses.

Waco, Tex., Feb. 8.—United States District Attorney Chas. A. Boynton, who is active in obtaining evidence on which the indictments charging four Burleson county men with peonage, returned in Austin yesterday, said he is receiving many letters from persons over the state volunteering to give evidence in these cases. Boynton said the government has good cases and expects to make a thorough investigation.

Vice President U. S. Steel Corporation Asks Divorce.

Reno, Nev., Feb. 8.—Suit for divorce on the ground of desertion was filed today by James Gayley, second vice president of the United States steel corporation.

The complaint is one of the briefest ever filed here, merely containing the bare allegation of desertion the date of the marriage of the parties and names of their three children.

The complaint recites that the parties were married at St. Louis, Mo., February 21, 1884, and that on July 1, 1908, the defendant deserted her husband without cause and has refused to live with him since that date.

In his residence in Reno, Gayley has lectured at the University of Nevada on the iron industry.

Maryland Legislature Considers Bill to Remove Eye Observations.

State House, Annapolis, Md., Feb. 8.—Mr. Dawkins, of Baltimore, has introduced a bill to compel saloonkeepers to remove blinds and other obstructions to a full view of the interior. There are other features in the bill corresponding to the measure which was introduced two years ago by Mr. Dawkins and was defeated.

The full provisions of the measure follow:

No licensee shall sell or furnish to any person intoxicating liquors on any days on which elections are now or hereafter may be required by law to be held, except as hereinafter provided, nor on the Lord's day, commonly called Sunday, nor between the hours of 1 a. m. and 5 a. m. and between the hours on the days above named and mentioned it shall be necessary for every licensee to remove from the windows or doors of the place so licensed any blinds shutters, screens, curtains or obstructions of any character whatsoever, so that a view of the interior may be obtained from the public traveled way; and when any place licensed under this act shall be removed from the public traveled way and access had thereto by any corridor, hallway or passageway, from the public traveled way, to the said place so licensed, the said corridor, hallway or passageway shall remain open from the public traveled way to the said place so licensed so that an unobstructed view of the interior may be obtained.

C. P. TAFT IN STEEL COMPANY.

The President's Brother and C. M. Schwab to Build Plant.

Bethlehem, Pa., Feb. 8.—Despite the fact that 1,500 machinists are on strike, Charles M. Schwab, president of the Bethlehem Steel works, announces that he is going ahead with huge extensions to the works and the contracts for a number of new shops have been let.

It is also stated that Schwab and Charles P. Taft, brother of the president, have gone into partnership to erect a \$5,000,000 fabricating mill near Bethlehem. This mill will make Schwab a strong competitor for structural steel contracts. He has recently been much annoyed by having to send the steel, made at his own plant, to New York to be fabricated before it could be used for building extensions to the Bethlehem works.

NO CHANCES FOR CANNON

UNCLE JOE RISKS NO DEFEAT AT HANDS OF INSURGENTS AND DEMOCRATS.

TAKES RAP AT NEWSPAPERS

His Opinion Is Papers and Magazines are Fomenting Dissatisfaction. McLachlin Offers a Bill.

Washington, Feb 8—Speaker Cannon is not taking chances of going down in defeat before a combination of Democratic and insurgent republican votes on the rules. The speaker had a fine opportunity Monday to again try confusions with this antagonistic coalition but cleverly sidestepped. The question was one of interpreting the rule affecting the unanimous consent calendar. He determined to risk an appeal from his decision so he volunteered to let

the house by a vote interpret the rule itself.

Under the rule a bill on the unanimous consent calendar on which objection is made loses its position on the calendar. Such a bill was offered today by McLachlin of California and was discussed when it became apparent that it would be objected to. McLachlin then wanted to withdraw his request for consideration of the bill, and asked that it remain on the calendar. It was a simple question for the Speaker to decide, but it happened that nearly every Democrat and Insurgent was in his seat and Mr. Cannon decided not to risk a possible appeal from his ruling with possible defeat.

In submitting the bill Speaker Cannon took a rap at the agitation to reform the rules, which he said was being fomented by the newspapers and the magazines. He said deservedly that in obedience to this agitation the House created the unanimous consent calendar so that the members would not have to sacrifice their dignity in order to have their bills considered and so he decided to let the House construct its own rule. He also disapproved the intention of bringing about a state of affairs in the House by which he, Speaker, with a few members, could do all of the legislating in disregard to the wishes of the House an observation which created a ripple of merriment on both sides of the chamber.

SENATOR GORE LOST MONEY

Leaves Pocket Book on Train and Reaches St. Louis Penniless... Gets Help.

St. Louis, Mo., Feb 7—Senator Gore of Oklahoma arrived here from Washington this morning penniless. He had forgotten his pocketbook on leaving the sleeper, and his trousers contained nothing but creases. He went at once in search of a free telephone for the purpose of talking to David Francis and others. It was only a short time until an automobile arrived and after exchanging a check for a handful of the coin of the realm he proceeded Oklahoma-ward.

Sterrett, Okla., Feb 7—Earl King, five-year-old son of Mr. and Mrs. J. L. King of Chickasha, Okla., who are visiting Mr. Z. J. Morehead and family of this place fell into a tub of boiling water yesterday and was badly scalded. He is not expected to live.

Alarmed Over Situation.

The Ohio political situation has been giving the president much concern and has been the subject of a number of conferences at the White House. With the expected nomination of Gov. Harmon the Republican party is facing a hard fight this fall and the president has been anxious that factional troubles should be eliminated as much as possible. He believes Mr. Ellis will be able to do more along that line than any one else who could have been designated to take charge of the coming campaign.

Is Taft Trust Buster.

Mr. Ellis has been known as one of the famous 'trust busters' of the administration and at present was engaged in much important work. Mr. Williams whom he succeeds as chairman of the Republican State Executive Committee, recently was appointed a National Bank examiner of the Pittsburgh-Cleveland district and is compelled to give up his political activities.

Senators Burton and Dick of Ohio had a long conference with the President this morning. Later in the day Mr. Dick returned to the White House accompanied by Mr. Ellis and Walter Brown. It was following their visit that Mr. Ellis announced his resignation and the above statement given out.

WADE ELLIS RESIGNS JOB

TAFT'S TRUST FIGHTER MADE CHAIRMAN OF OHIO COMMITTEE.

OHIO REPUBLICANS ALARMED

The Party Expects Nomination of Governor Harmon and Are Looking for Big Fight.

—Taft Interested.

Washington, Feb 8—After several conferences Monday Wade Ellis resigned his position as assistant to the Attorney General in the Department of Justice to accept the chairmanship of the Republican Executive Committee of Ohio and to assume charge of the Ohio campaign.

Regarding the resignation of Mr. Ellis the following statement was given out at the White House late today:

Statement from White House.

Mr. Vorys the member of the National Committee from Ohio, Walter Brown chairman of the Republican State Central Committee and Henry A. Williams chairman of the Republican State Executive Committee have been canvassing among the Republicans of Ohio to determine who shall succeed Mr. Ellis upon the resignation he is obliged to tender.

After a visit to Washington and full conferences with the Senators, the conclusion was reached that the man best qualified to assume the care of the office as chairman of the executive committee at this time was Mr. Ellis and therefore the President was asked to assent to Mr. Ellis resigning as assistant to the Attorney General to take the duties of the chairmanship of the committee.

The president was very loath to lose the services of Mr. Ellis from the Department of Justice, where he is engaged in important work, but as Mr. Ellis was willing to make the sacrifice the president did not feel that he could insist on retaining him.

JUDGE HOOK TO GRANT NEW HEARING

OKLAHOMA RATE CASE TO COME UP AGAIN

Attorney General West Has New Data Which He Is Going to Spring at St. Louis.

Guthrie, Okla., Feb 8—Oklahoma's two-cent fare and reduced freight rates have been temporarily saved, Attorney General West wiring from St. Louis Monday afternoon that a rehearing on the application for a temporary injunction will be granted.

The attorney general telegraphed that he laid before Judge Hook the proposition to reopen the case for the purpose of submitting as new evidence the earnings of the railroads involved for the last quarter which the attorney general claims show a big increase in the operating expense which of course, makes the evidence more favorable to the state than that previously considered by Judge Hook. He wired also that Judge Hook would grant the request.

Some of the data which the attorney general will present and for which he has great hope in changing the entire course of the case is as follows:

Strong figures presented recently before the corporation commission show that the commissioners' rate on brick sand gravel lime cement, lumber grain coal fence posts oil etc. and all other products moving between all Oklahoma points during the fiscal year 1909 produced a revenue of twelve mills per ton per mile on the Kan. The cost including taxes and every known expense for traffic in and through Oklahoma was an average of seven mills per ton per mile.

DISCUSS HALLEY'S COMET

Earth's Gravity May Affect Wanderer, but Will Not Be Disturbed Itself.

Chicago, Ill., Feb 8—Halley's comet on which all eyes in the astronomical world are now centered is about 1,000,000 times larger than the earth. Yet, although the earth's path through the sky will be unaffected by the approaching proximity of the two bodies.

This statement was made today by Prof. Edwin B. Frost director of the Yerkes Observatory at Williams Bay, Ws.

In view of possible large perturbations arising from the close approach of the comet to Venus on Mar 1 to the earth on May 18, he said meridian observations are especially desired during the period in which the comet is sufficiently bright for that purpose.

What are these possible large perturbations?" Prof. Frost was asked.

The on these dates, was the reply, the comet will be near enough the planets mentioned to be affected by their attraction.

Will that affect the orbit of the comet?

It will not affect the orbit of Venus or of the earth, but it is likely to affect the comet's orbit. That is one reason why we want to get meridian observations, which will show almost exactly these orbital changes.

There will be an interesting spectacle, by the way, on May 1, when the comet is near to Venus. The planet and the comet will be practically the same distance from the earth, and every one will be able to see their relative size."

GOVERNMENT BACKS DOWN.

Accedes to All Demands of Engineers and Conductors.

Laredo, Tex., Feb 8—An authentic report from Mexico City today says the railroad and government officials have acceded to all demands of the conductors and engineers on the merged Mexico lines.

It is said the Mexican merchants brought strong pressure to bear and forced the decision which precludes a strike.

According to the demands firemen must be employed three years before being eligible to promotion to engineers and brakemen must be employed two years in that capacity before being eligible to promotion as conductors.

They must then pass a rigid examination.

WIFE PICKED HIS POCKETS.

Explains to Immigrant Husband It's the American Way.

New York, N. Y., Feb. 8.—George Brutker, a German, who got here with his wife and a small child on the Hamburg-American Liner America, was rather disconcerted when he found out he rapidly his wife was becoming Americanized. When Mr. Brutker would not have it that way.

The wreck is reported to have been caused by overlooking the fact that the passenger was due and waiting too long before taking a siding.

Sapulpa Took "Weak" Dollar in the Payment of a Bill.

Sapulpa, Okla., Feb. 8.—Garfield Bryan, a negro, was arrested today on a charge of passing counterfeit money, and is locked up in the county jail. Bryan is accused of passing a counterfeit silver dollar on George Greiner, a driver for the Model Steam Laundry. The dollar is merely lead, and it is said Bryan accepted good money in change after paying his laundry bill. His case will probably be investigated by the grand jury now in session.

The husband expected the ticket seller to give him the change. Mrs. Brutker would not have it that way. She took the money and carefully put it away again.

BRYAN IN BOLIVIA.

ST. LOUIS-OKLAHOMA ROAD.

Durant, Okla., Feb. 8.—Some time ago a charter for a railroad known as the St. Louis and Oklahoma was obtained, and a number of surveys have been made. The road will first be constructed from Lawton, Okla., to Paris, Tex., coming south on a divide between the Clear Boggy and the Muddy Rivers and crossing Red River a few miles west of Paris. The St. Louis and Oklahoma will traverse a fine timber belt, and also the coal belt of Pittsburg county.

LET PRETTY ELBOWS PEEK.

Short Sleeves Are Back in the Mode
for Smart Spring Tops.

New York, Feb. 8.—Of the early spring showing here the return of the short sleeve is one of the surprises, but that it is well established is guaranteed by its prevalence in everything of any pretension of gentry that drifts into the shops from the other side or is sent out by our own makers here. As to the sleeve, it is pretty sure to remain of scanty fullness of various degrees between the tight fitting model and the ample one. All lengths are used for afternoon and evening, seven-eighths, which comes near the lower wrist; three-quarters, half, between wrist and elbow, half length, at the elbow and even above that point.

In the waists the houses differ in their ideas of sleeve lengths. Some will tell you with no modification that everything for afternoon or evening is more or less short and others will say with no less assurance that only waists with Dutch necks call for abbreviated sleeves. There you are, with the "doctors disagreeing," and it is a good time to follow one's own sweet will.

Some deep cuffs on handsome waists have been seen with the upper part of the sleeve gathered in, but not with unnecessary fullness. Shoulders are shorter than they have been for some time, but the shoulder seam where the sleeve goes in, continues to be covered by trimming of one kind or another.

In the materials here for the spring there is a larger assortment than usual of inexpensive fabrics for party frocks. Among them there are silk and cotton mixtures in crepe, voile and chiffon weaves of plain color or figured with broche, jacquard or printed designs of self or contrasting color. The colors are more than ever attractive and the variety exhaustless. Trimmings in the way of metallic ornaments, galons, embroideries, fringes and buttons, continue to be popular for elaborate toilets and touches of them are found on simple little gowns.

Then she led her husband away.

NEW YORK'S COLDEST DAY.

New York, Feb. 8.—The coldest day of the year in New York came and went between sunrise and sunset. At daybreak the thermometer registered 2 above zero, with a searching wind from the northwest; but at 1 o'clock in the afternoon the mercury began to mount and the wind to moderate, at 10 o'clock Monday night the temperature was 20 above and still rising. There was great suffering among the poor during the day.

TOMMY WALLACE A VISITOR IN ADA

WELL KNOWN BOXER TAKES ON GORMAN TONIGHT.

Has Fought 132 Battles and Has Never Taken the Count—Has Great Record.

Tommy Wallace, the well known boxer, was in Ada today and dropped into the Evening News office for a few minutes.

Wallace was on his way to Oklahoma City where he will engage in a fifteen round bout with Joe Gorman of California tonight. The fight will be pulled off at the auditorium about 9:30, and a large number of fight fans of Ada will go to the metropolis this afternoon.

Wallace has a great record in the ring. Originally he is of Philadelphia and began fighting in that city twelve years ago. He has fought 132 battles and has never been counted out. He has gone up against the toughest nuts of the game, including Billy Park, Hugo Kelly, Honey Melody, Jimmy Burns and many other top-notchers.

In the materials here for the spring there is a larger assortment than usual of inexpensive fabrics for party frocks. Among them there are silk and cotton mixtures in crepe, voile and chiffon weaves of plain color or figured with broche, jacquard or printed designs of self or contrasting color. The colors are more than ever attractive and the variety exhaustless. WILL WIN IN FOUR ROUNDS

This Is Statement Big Jeff Makes Relative to His Fight With Johnson.

Portland, Ore., Feb. 8.—"It is none of my business where the fight takes place," said James J. Jeffries. "I have no more to do with the scene of the fight with the 'nigger' than I have with the routing of this show."

Jeffries used the term "nigger" not lightly, but as an expression of designed contempt.

"I am under contract to meet Jack Johnson under the auspices of Tex Rickard and Jack Gleason, and where they decree to pull off the fight is where I will meet the 'skunk.' I've got nothing to do with the place."

"My preferences are my own, but they won't have anything to do with the decision of those who offered the highest bid. Tex Rickards and Jack Gleason will settle the question themselves."

Jeffries declared he would win within four rounds from Johnson. There was a ring of confidence to the words as they fell from Jeff's lips.

"I have signed a contract to fight Johnson, and I am going to fight, and upon the square. I'm going to carry out my part of the contract and expect to carry away \$60,000 July 4. You will then see me hiking to the tall grass on my farm near Los Angeles, where I'll settle down."

"I have been charged with showing disfavor to San Francisco. I wouldn't do anything like that. It is not up to me as to where the fight is to take place. I've got to do the fighting and will do it all within the first four rounds. The only thing I fear is that Johnson will get jailed or killed in an automobile smashup before time, and he won't show up on July 4."

PEONAGE CASES.

U. S. District Attorney Boynton Hears from Many Witnesses.

Waco, Tex., Feb. 8.—United States District Attorney Chas. A. Boynton, who is active in obtaining evidence on which the indictments charging four Burleson county men with peonage, returned to Austin, yesterday, said he is receiving many letters from persons over the state volunteering to give evidence in these cases. Boynton said the government has good cases and expects to make a thorough investigation.

TO BAR SALOON SCREENS.

Maryland Legislature Considers Bill to Remove Eye Observers.

State House, Annapolis, Md., Feb. 8.—Mr. Dawkins, of Baltimore, has introduced a bill to compel saloon-keepers to remove blinds and other obstructions to a full view of the interior. There are other features in the bill corresponding to the measure which was introduced two years ago by Mr. Dawkins and was defeated.

The full provisions of the measure follow:

No licensee shall sell or furnish to any person intoxicating liquors on any day on which elections are now or hereafter may be required by law to be held, except as hereinabove provided, nor on the Lord's day, commonly called Sunday, nor between the hours of 1 a. m. and 5 a. m. and between the hours on the days above named and mentioned it shall be necessary for every licensee to remove from the windows or doors of the place so licensed any blinds, shutters, screens, curtains or obstructions of any character whatsoever, so that a view of the interior may be obtained from the public traveled way; and when any place licensed under this act shall be removed from the public traveled way and access had thereto by any corridor, hallway or passageway, from the public traveled way, to the said place so licensed, the said corridor, hallway or passageway shall remain open from the public traveled way to the said place so licensed so that an unobstructed view of the interior may be obtained.

C. P. TAFT IN STEEL COMPANY.

The President's Brother and C. M. Schwab to Build Plant.

Bethlehem, Pa., Feb. 8.—Despite the fact that 1,500 machinists are on strike, Charles M. Schwab, president of the Bethlehem Steel works, announces that he is going ahead with huge extensions to the works and the contracts for a number of new shops have been let.

It is also stated that Schwab and Charles P. Taft, brother of the president, have gone into partnership to erect a \$5,000,000 fabricating mill near Bethlehem. This mill will make Schwab a strong competitor for structural steel contracts. He has recently been much annoyed by having to send the steel, made at his own plant, to New York to be fabricated before it could be used for building extensions to the Bethlehem works.

BECAUSE SHE LEFT HIM.

Vice President U. S. Steel Corporation Asks Divorce.

Reno, Nev., Feb. 8.—Suit for divorce on the ground of desertion was filed today by James Gayley, second vice president of the United States steel corporation.

The complaint is one of the briefest ever filed here, merely containing the bare allegation of desertion the date of the marriage of the parties and names of their three children.

The complaint recites that the parties were married at St. Louis, Mo., February 21, 1884, and that on July 1, 1903, the defendant deserted her husband without cause and has refused to live with him since that date.

In his residence in Reno, Gayley has lectured at the University of Nevada on the iron industry.

NO CHANCES FOR CANNON

UNCLE JOE RISKS NO DEFEAT AT HANDS OF INSURGENTS AND DEMOCRATS.

TAKES RAP AT NEWSPAPERS

His Opinion Is Papers and Magazines are Fomenting Dissatisfaction. McLachlin Offers a Bill.

Washington, Feb 8—Speaker Cannon is not taking chances of going down in defeat before a combination of Democratic and insurgent republican votes on the rules. The speaker had a fine opportunity Monday to again try conciliations with this antagonistic coalition but cleverly sidestepped the question was one of interpreting the rule affecting the unanimous consent calendar. He determined to risk an appeal from his decision so he volunteered to let

the house by a vote interpret the rule itself.

Under the rule a bill on the unanimous consent calendar on which objection is made loses its position on the calendar. Such a bill was offered today by McLachlin of California and was discussed when it became apparent that it would be objected to. McLachlin then wanted to withdraw his request for consideration of the bill, and asked that it remain on the calendar. It was a simple question for the Speaker to decide, but it happened that nearly every Democrat and Insurgent was in his seat and Mr. Cannon decided not to risk a possible appeal from his ruling with possible defeat.

In submitting the bill Speaker Cannon took a rap at the agitation to reform the rules, which he said was being fomented by the newspapers and the magazines. He said derisively that in obedience to this agitation the House created the unanimous consent calendar so that the members would not have to sacrifice their dignity in order to have their bills considered and so he decided to let the House construct its own rule. He also disapproved the intention of bringing about a state of affairs in the House by which he, Speaker, with a few members, could do all of the legislating in disregard to the wishes of the House an observation which created a ripple of merriment on both sides of the chamber.

SENATOR GORE LOST MONEY

Leaves Pocket Book on Train and Reaches St. Louis Penniless... Gets Help.

St. Louis, Mo., Feb 7—Senator Gore of Oklahoma arrived here from Washington this morning penniless. He had forgotten his pocketbook on leaving the sleeper, and his trousers contained nothing but creases. He went at once in search of a free telephone for the purpose of talking to David Francis and others. It was only a short time until an automobile arrived and after exchanging a check for a handful of the coin of the realm he proceeded Oklahoma way.

BOY FATALLY SCALDED.

Earl King, aged 5, Falls into Tub of Boiling Water at Sterrett.

Sterrett, Okla., Feb 7—Earl King, five-year-old son of Mr. and Mrs. J. L. King of Chickasha, Okla., who are visiting Mr. Z. J. Morehead and family of this place, fell into a tub of boiling water yesterday and was badly scalded. He is not expected to live.

The president was very loath to lose the services of Mr. Ellis from the Department of Justice, where he is engaged in important work, but as Mr. Ellis was willing to make the sacrifice the president did not feel that he could insist on retaining him.

Alarmed Over Situation.

The Ohio political situation has been giving the president much concern and has been the subject of a number of conferences at the White House. With the expected nomination of Gov. Harmon the Republican party is facing a hard fight this fall and the president has been anxious that factional troubles should be eliminated as much as possible. He believes Mr. Ellis will be able to do more along that line than any one else who could have been designated to take charge of the coming campaign.

Is TELL Trust Buster.

Mr. Ellis has been known as one of the famous "trust busters" of the administration and at present was engaged in much important work. Mr. Williams whom he succeeds as chairman of the Republican State Executive Committee, recently was appointed a national bank examiner of the Pittsburgh-Cleveland district and is compelled to give up his political activities.

Senators Burton and Dick of Ohio had a long conference with the President this morning. Later in the day Mr. Dick returned to the White House accompanied by Mr. Ellis and Walter Brown. It was following their visit that Mr. Ellis announced his resignation and the above statement given out.

PRISONERS ESCAPE.

Eleven Make Getaway From City Jail in Fort Worth.

Fort Worth, Tex., Feb 8—Eleven prisoners confined in the city jail made their escape early this morning. They cut a hole through the ceiling in the jail into the city water department, unlocked the doors and walked unconcernedly away.

None of the prisoners are charged with serious crime.

WADE ELLIS RESIGNS JOB

TAFT'S TRUST FIGHTER MADE CHAIRMAN OF OHIO COMMITTEE.

OHIO REPUBLICANS ALARMED

The Party Expects Nomination of Governor Harmon and Are Looking for Big Fight.

—Taft Interested.

Washington, Feb 8—After several conferences Monday Wade Ellis resigned his position as assistant to the Attorney General in the Department of Justice to accept the chairmanship of the Republican Executive Committee of Ohio and to assume charge of the Ohio campaign.

Regarding the resignation of Mr. Ellis the following statement was given out at the White House late today:

Statement from White House.

Mr. Vorys the member of the National Committee from Ohio, Walter Brown chairman of the Republican State Central Committee and Henry A. Williams chairman of the Republican State Executive Committee have been canvassing among the Republicans of Ohio to determine who shall succeed Mr. Ellis upon the resignation he is obliged to tender.

After a visit to Washington and full conferences with the Senators, the conclusion was reached that the man best qualified to assume the care of the office as chairman of the executive committee at this time was Mr. Ellis and therefore the President was asked to assent to Mr. Ellis resigning as assistant to the Attorney General to take the duties of the chairmanship of the committee.

The president was very loath to lose the services of Mr. Ellis from the Department of Justice, where he is engaged in important work, but as Mr. Ellis was willing to make the sacrifice the president did not feel that he could insist on retaining him.

JUDGE HOOK TO GRANT NEW HEARING

OKLAHOMA RATE CASE TO COME UP AGAIN

Attorney General West Has New Data Which He Is Going to Spring at St. Louis.

Guthrie, Okla., Feb 8—Oklahoma's two-cent fare and reduced freight rates have been temporarily saved, Attorney General West wiring from St. Louis Monday afternoon that a rehearing on the application for a temporary injunction will be granted.

The attorney general telegraphed that he laid before Judge Hook the proposition to reopen the case for

the purpose of submitting as new

evidence the earnings of the railroads involved for the last quarter

which the attorney general claims

show a big increase in the operating

expense which of course, makes the

evidence more favorable to the state

than that previously considered by

Judge Hook. He wired also that Judge

Hook would grant the request.

Some of the data which the at-

torney general will present and for

which he has great hope in changing

the entire course of the case is as

follows:

Sworn figures presented recently

before the corporation commission

show that the commissioner's rate

on brick sand gravel lime cement,

umber grain coal fence posts oil

etc and all other products moving

between all Oklahoma points during

the fiscal year 1909 produced a rev-

enue of twelve mills per ton per mile

on the Kan. The cost including

taxes and every known expense for

traffic in and through Oklahoma was

an average of seven mills per ton

per mile.

DISCUSS HALLEY'S COMET

Earth's Gravity May Affect Wanderer, but Will Not Be Disturbed Itself.

Chicago, Ill., Feb 8—Halley's comet on which all eyes in the astronomical world are now centered is about 1,000,000 times larger than the earth. Yet, although the earth's path through the sky will be unaf-

fected by the approaching proximity

of the two bodies.

This statement was made today by Prof. Edwin B. Frost, director of the Yerkes Observatory at Williams Bay, Ws.

In view of possible large pertur-

bations arising from the close ap-

proach of the comet to Venus on

May 1 to the earth on May 18, he

added meridian observations are es-

specially desired during the period in

which the comet is sufficiently bright

for that purpose.

What are these possible large per-

turbations?" Prof. Frost was asked.

That on these dates, was the rea-

son the comet will be near enough

the planets mentioned to be affected

by their attraction.

Will that affect the orbit of the

comet?

It will not affect the orbit of Ven-

us or of the earth, but it is likely

to affect the comet's orbit. That is

one reason why we want to get

meridian observations, which will

show almost exactly these orbital

changes.

There will be an interesting

spectacle, by the way, on May 1,

when the comet is near to Venus.

The planet and the comet will be

practically the same distance from

the earth, and every one will be able

to see their relative size."

OKLAHOMA DEATHS.

Tulsa, Okla., Feb 8—Heartbroken over the recent death of his wife, Dr. J. W. Sanders, aged thirty, who came

here from Fitzgerald, Ga., a month

ago, ended his life today by shoot-

ing himself. The family is prominent

in Georgia.

Muskogee, Okla., Feb 8—W. H.

Baker, a well known chef here, shot

and killed himself in his room above

a restaurant late last night. De-

pendency was the cause.

ST. LOUIS-OKLAHOMA ROAD.

Durant, Ok., Feb. 8.—Some time ago a charter for a railroad known as the St. Louis and Oklahoma was obtained, and a number of surveys have been made. The road will first be constructed from Lawton, Ok., to Paris, Tex., coming south on a divide between the Clear Boggy and the Muddy Rivers and crossing Red River a few miles west of Paris. The St. Louis and Oklahoma will traverse a fine timber belt, and also the coal belt of Pittsburg county.

ONE KILLED; FIFTEEN HURT

Rock Island Crew Is Blamed for Head-on Collision at Fourche, Arkansas.

Little Rock, Ark., Feb. 8.—Dashing head-on into east-bound extra freight No. 137, Rock Island passenger train No. 42 was wrecked at Fourche, thirty-eight miles west of Little Rock, at 5:50 o'clock this morning, killing Edward Rawls of Beard, Ark., who was riding on the "blind" and injuring fifteen passengers and members of the crew.

The dead: EDWARD RAWLS, Beard, Ark., body found crushed between the track and mail car, which was tele-scoped.

The injured: O. T. Fowler, Guthrie, Ok.; side bruised.

J. M. Hoover, Sickley, Ok., bruised. Chester Hoover, Sickley, Ok., head bruised.

The wreck is reported to have been caused by overlooking the fact that the passenger was due and waiting too long before taking a siding.

WIFE PICKED HIS POCKETS.

Explains to Immigrant Husband It's the American Way.

New York, N. Y., Feb. 8.—George Brutker, a German, who got here with his wife and a small child on the Hamburg-American liner America, was rather disconcerted when he found out he rapidly his wife was becoming Americanized. When Mr. Brutker would not have it that way.

While at Ellis Island to buy tickets, he found that 700 marks he had were gone. The money, he thought, had been either lost or stolen on shipboard. Mrs. Brutker came to his help at this embarrassing moment. She produced 300 marks which she had hidden in her clothes and paid for the tickets.

The husband expected the ticket seller to give him the change. Mrs. Brutker would not have it that way. She took the money and carefully put it away again.

"We are in America now," she told her husband. "Here the women hold the purse strings. The men bring their pay home to their wives every pay day, and that is the way we will do."

Then she led her husband away.

NEW YORK'S COLDEST DAY.

New York, Feb. 8.—The coldest day of the year in New York came and went between sunrise and sunset. At daybreak the thermometer registered 2 above zero, with a searching wind from the northwest; but at 1 o'clock in the afternoon the mercury began to mount and the wind to moderate, at 10 o'clock Monday night the temperature was 20 above and still rising. There was great suffering among the poor during the day.

LET PRETTY ELBOWS PEEK.

Short Sleeves Are Back in the Mode for Smart Spring Tops.

New York, Feb. 8.—Of the early spring showing here the return of the short sleeve is one of the surprises, but that it is well established is guaranteed by its prevalence in everything of any pretension of gentility that drifts into the shops from the other side or is sent out by our own makers here. As to the sleeve, it is pretty sure to remain of scanty fullness of various degrees between the tight fitting model and the ample one. All lengths are used for afternoon and evening, seven-eighths, which comes near the lower wrist; three-quarters, half, between wrist and elbow, half length, at the elbow and even above that point.

In the waists the houses differ in their ideas of sleeve lengths. Some will tell you with no modification that everything for afternoon or evening is more or less short and others will say with no less assurance that only waists with Dutch necks call for abbreviated sleeves. There you are, with the "doctors disagreeing," and it is a good time to follow one's own sweet will.

Some deep cuffs on handsome waists have been seen with the upper part of the sleeve gathered in, but not with unnecessary fullness. Shoulders are shorter than they have been for some time, but the shoulder seam where the sleeve goes in, continues to be covered by trimming of one kind or another.

In the materials here for the spring there is a larger assortment than usual of inexpensive fabrics for party frocks. Among them there are silk and cotton mixtures in crepe, voile, and chiffon weaves of plain color or figured with broche, jacquard or printed designs of self or contrasting color. The colors are more than ever attractive and the variety exhaustless. Trimmings in the way of metallic ornaments, gallons, embroideries, fringes and buttons, continue to be popular for elaborate toilets and touches of them are found on simple little gowns.

DEBT-A LAUNDRYMAN.

Sapulpa Took "Weak" Dollar in the Payment of a Bill.

Sapulpa, Okla., Feb. 8.—Garfield Bryan, a negro, was arrested today on a charge of passing counterfeit money, and is locked up in the county jail. Bryan is accused of passing counterfeit silver dollar on George Greiner, a driver for the Model Steam Laundry. The dollar is merely lead, and it is said Bryan accepted good money in change after paying his laundry bill. His case will probably be investigated by the grand jury now in session.

RULES AGAINST RAILROAD.

TOMMY WALLACE A VISITOR IN ADA

WELL KNOWN BOXER TAKES ON GORMAN TONIGHT.

Has Fought 132 Battles and Has Never Taken the Count—Has Great Record.

Tommy Wallace, the well known boxer, was in Ada today and dropped into the Evening News office for a few minutes.

Wallace was on his way to Oklahoma City where he will engage in a fifteen round bout with Joe Gorman of California tonight. The fight will be pulled off at the auditorium about 9:30, and a large number of fight fans of Ada will go to the metropolis this afternoon.

Wallace has a great record in the ring. Originally he is of Philadelphia and began fighting in that city twelve years ago. He has fought 132 battles and has never been counted out. He has gone up against the toughest nuts of the game, including Billy Pank, Hugo Kelly, Honey Melody, Jimmy Burns and many other top-notchers.

Some deep cuffs on handsome waists have been seen with the upper part of the sleeve gathered in, but not with unnecessary fullness. Shoulders are shorter than they have been for some time, but the shoulder seam where the sleeve goes in, continues to be covered by trimming of one kind or another.

In the materials here for the spring there is a larger assortment than usual of inexpensive fabrics for party frocks. DEBT-A LAUNDRYMAN.

Sapulpa Took "Weak" Dollar in the Payment of a Bill.

Portland, Ore., Feb. 8.—"It is none of my business where the fight takes place," said James J. Jeffries. "I have no more to do with the scene of the fight with the 'nigger' than I have with the routing of his show."

Jeffries used the term "nigger" not lightly, but as an expression of despised contempt.

"I am under contract to meet Jack Johnson under the auspices of Tex Rickard and Jack Gleason, and where they decree to pull off the fight is where I will meet the 'skunk.' I've got nothing to do with the place. My preferences are my own, but they won't have anything to do with the decision of those who offered the highest bid. Tex Rickards and Jack Gleason will settle the question themselves."

Jeffries declared he would win within four rounds from Johnson. There was a ring of confidence to the words as they fell from Jeff's lips.

"I have signed a contract to fight Johnson, and I am going to fight, and upon the square. I'm going to carry out my part of the contract and expect to carry away \$66,000 July 4. You will then see me hiking to the tall grass on my farm near Los Angeles, where I'll settle down."

"I have been charged with showing disfavor to San Francisco. I wouldn't do anything like that. It is not up to me as to where the fight is to take place. I've got to do the fighting and will do it all within the first four rounds. The only thing I fear is that Johnson will get jailed or killed in an automobile smashup before time, and he won't show up on July 4."

"DIAMOND" LEAVES BRISTOW OFFICER

NEGRO WANTED FOR EMBEZZLE-
MENT ESCAPES.

Deputy Sheriff Came After Him but
Didn't Watch Him Close
Enough.

A deputy sheriff of Bristow came
to Ada Sunday with the intention of
taking Frank Smith the negro be-
tter known as Diamond back with
him but Diamond didn't go

The deputy started to the train
with the negro, but remembering
some business he had to transact up-
airs in the First National bank
building, he and Diamond entered
one of the offices. The officer soon
became so wrapped up in his busi-
ness that he favored it with more atten-
tion than he did Diamond. The
result was that Diamond slipped out
of the room and left the building
by way of the rear stairway.

When the negro hit the ground he
hit it running and galloped down
the alley between Main and Twelfth
streets at a rate of speed that would
put Dan Patch to shame. In a twink-
ling of an eye he had reached the
Harris hotel corner and seemed
to increase his speed at every jump.
From the corner he took a southwes
course and hadn't yet found time
enough to put his hat on. If he is
still running like he left Ada he must
be near the Gulf of Mexico by this
time.

Chief of Police Culver arrested
Smith last Thursday after receiving
a notice from Bristow's marshal. He
was wanted for embezzlement. When
told where he was wanted Smith said
he hadn't been to Bristow but his
actions Sunday tend to disprove his
story.

Smith or Diamond has been in Ada
for several years and has appeared
in police court several times for minor
offenses. So far as is known the
officers are not hunting him. The
Bristow deputy returned home Sunday

CLYDE MATTOX IS CAPTURED

Osage County Posse Catches Outlaw
at Pawhuska Without Trouble
Monday.

Pawhuska Okla Feb 8—Clyde
Mattox the disreputable outlaw was
captured by the Osage county sher-
iff's posse in a house of ill fame in
this city Monday forenoon.

He came here yesterday thinking
his mother still lived here. When
his presence in the town became
known and efforts were being made
to take him dead or alive he sent
word that he would do some killing
before he could be taken.

Sheriff Bird Deputy Ware and sev-
eral other officers went with their
Winchesters to the outlaw's roost,
and took the game without firing a
shot. As soon as captured he rolled
bit and smoked a cigarette looking
very bold when taken to the sheriff's
office. He lived here several months
since his parole by the governor, plying
the avocations of bootlegging and
gambling.

PEONAGE CASES.

U. S. District Attorney Boynton Hears from Many Witnesses.

Waco, Tex., Feb. 8.—United States District Attorney Chas. A. Boynton, who is active in obtaining evidence on which the indictments charging four Burleson county men with peonage, returned in Austin, yesterday, said he is receiving many letters from persons over the state volunteering to give evidence in these cases. Boynton said the government has good cases and expects to make a thorough investigation.

DEAD COMES TO LIFE.

Doctors Declared Life Extinct But It Really Wasn't.

Fort Worth, Tex., Feb. 8.—Proclaimed dead by four physicians and mourned as dead by his family, Jacob Colton, who had suffered a stroke of apoplexy, startled his family into joyful hysterics today when he sat upright and asked "What's the trouble?"

Colton is the proprietor of the Tex-as Junk company and dropped unconscious on the streets yesterday.

TO START SOME TROUBLE.

Castro Enroute to Venezuela to Torment Revolution.

Caracas, Feb. 8.—Private correspondence now in the possession of the government relates that former President Cipriano Castro has left Malaga, Spain, for Teneriffe, Canary Islands, enroute to Central America, so as to be in a position to provoke a revolution against President Gomez, when the Venezuelan congress meets in April to elect a constitutional president of the republic.

STEAK AS WHIST PRIZE.

Birmingham Exclusive Club Gives Prizes of Real Value.

Birmingham, Ala., Feb. 8.—Fresh meat and eggs are no longer to be classed as necessities but as luxuries. One of the most exclusive ladies' whist clubs here gave as prizes yesterday five pound roast, a poter-house steak and two dozen eggs.

NOT WANTED IN HOT SPRINGS.

Hot Springs, Ark., Feb. 8.—Jas. Sellers, under arrest at Tacoma, charged with the murder of "Buck" Lawhorn, is not known here. No such murder was ever committed in this city.

TO BAR SALOON SCREENS.

Maryland Legislature Considers Bill to Remove Eye Observers.

State House, Annapolis, Md., Feb. 8.—Mr. Dawkins, of Baltimore, has introduced a bill to compel saloon-keepers to remove blinds and other obstructions to a full view of the interior. There are other features in the bill corresponding to the measure which was introduced two years ago by Mr. Dawkins and was defeated.

The full provisions of the measure follow:

No licensee shall sell or furnish to any person intoxicating liquors on any day on which elections are now or hereafter may be required by law to be held, except as hereinafter provided, nor on the Lord's day, commonly called Sunday, nor between the hours of 1 a. m. and 5 a. m. and between the hours on the days above named and mentioned it shall be necessary for every licensee to remove from the windows or doors of the place so licensed any blinds shutters, screens, curtains or obstructions of any character whatsoever, so that a view of the interior may be obtained from the public traveled away; and when any place licensed under this act shall be removed from the public traveled way and access had thereto by any corridor, hallway or passageway, from the public traveled way, to the said place so licensed, the said corridor, hallway or passageway shall remain open from the public traveled way to the said place so licensed so that an unobstructed view of the interior may be obtained.

C. P. TAFT IN STEEL COMPANY.

The President's Brother and C. M. Schwab to Build Plant.

Bethlehem, Pa., Feb. 8.—Despite the fact that 1,500 machinists are on strike, Charles M. Schwab, president of the Bethlehem Steel works, announces that he is going ahead with huge extensions to the works and the contracts for a number of new shops have been let.

It is also stated that Schwab and Charles P. Taft, brother of the president, have gone into partnership to erect a \$5,000,000 fabricating mill near Bethlehem. This mill will make Schwab a strong competitor for structural steel contracts. He has recently been much annoyed by having to send the steel, made at his own plant, to New York to be fabricated before it could be used for building extensions to the Bethlehem works.

BECAUSE SHE LEFT HIM.

Vice President U. S. Steel Corporation Asks Divorce.

Reno, Nev., Feb. 8.—Suit for divorce on the ground of desertion was filed today by James Gayley, second vice president of the United States steel corporation.

The complaint is one of the briefest ever filed here, merely containing the bare allegation of desertion the date of the marriage of the parties and names of their three children.

The complaint recites that the parties were married at St. Louis, Mo., February 21, 1894, and that on July 1, 1908, the defendant deserted her husband without cause and has refused to live with him since that date.

In his residence in Reno, Gayley has lectured at the University of Nevada on the iron industry.
